

Contents lists from *The Carlisle Naturalist*, all volumes (1 to 20)

Volume 1 number 1

Reports on Field Meetings 1992

Chalk Beck and Sowerby Wood – Barry Marrs	1
Clints Quarry and St Bees – David Clarke	2
Carrock Fell – David Clarke	2
Galloway Wild Goose Chase (1993) – Stephen Hewitt	3

News & Forthcoming Meetings

Articles

Clouded yellows in Cumbria in 1992 – Geoff Naylor	7
Illegal Poisoning of Wildlife	11
Obituary Eileen Rhone 1920–1993	12

Volume 2 number 1

Reports on Field Meetings 1993

Denton Side, Sebergham – Barry Marrs	2
Mawbray Bank – Stephen Hewitt	2
River Caldew, Dalston to Cummersdale – Barry Marrs	3
Wreay Woods – Stephen Hewitt	3
Birdoswald – Stephen Hewitt	4
Gelt Woods – Geoff Naylor	4
Fungus Foray, Miltonrigg Wood – David Clarke	5
The Centenary Conference – David Clarke	5

Notes and Records

The White-faced Darter (<i>Leucorrhinia dubia</i>) at Claife Heights, Windermere – David Clarke	6
A hoverfly new to Cumbria, <i>Xylota tarda</i> – Stephen Hewitt	6
Red Kite near Aglionby Grange – Geoff Naylor	7
A notable hoverfly, <i>Xanthandrus comtus</i> , from Middleseceugh – John Parker	7
Red Alpine Catchfly (<i>Lychnis alpina</i>) on Hobcarton Crag – Jeremy Roberts	7
Interrupted Clubmoss (<i>Lycodium annotinum</i>) on Bowfell – Jeremy Roberts	8
Interesting moth-trap records from Milton (NY556606) – Geoff Naylor	9
The Ground-bug <i>Eremocoris plebejus</i> new to Cumbria – Stephen Hewitt	9
Polecats in Cumbria? – Stephen Hewitt	9
Giant Lacewing <i>Osmylus fulvicephalus</i> at Uldale – Stephen Hewitt	10
Toothwort (<i>Lathraea squamaria</i>) in Bitts Park, Carlisle – Geoff Naylor	12
New Zealand Flatworm <i>Artioposthia triangulata</i> in Carlisle	13
Skeletons in the Cupboard: Museum News – Stephen Hewitt	13
Summer Programme	14
Obituary: William Raymond Laidler 1918–1994	16

Volume 2 number 2

Reports on Field Meetings 1994

Fishgarth Woods – David Clarke	2
Sedges Workshop – Geoff Naylor	3
Meikle Ross – Brian Spencer	4
Smardale/Waitby Greenriggs – Geoff Naylor	5
Cumwhitton Moss – Geoff Naylor	6
Engine Lonning – Stephen Hewitt	7

Grune Point – Geoff Naylor	8
----------------------------------	---

Notes and Records

Selections from the Moth Trap – Geoff Naylor	9
Pied Flycatchers in Carlisle – Michael Tulloch	10
The Workington Ross’s Gull – Roy Atkins	12
New Records of the Giant Lacewing (<i>Osmylus fulvicephalus</i>) – David Clarke	12

Articles

Greater Yellowlegs at Rockcliffe The Workington Ross’s Gull – Jeremy Roberts	14
--	----

Announcements

Geoff Horne honoured	16
----------------------------	----

Volume 3 number 1

Reports on Field Meetings

Naddle Woods Fungus Foray – Geoff Naylor	2
Galloway Wild Goose Chase – Brian Spencer & John Hamer	3

Notes and Records

Rough-legged Buzzards during Winter 1994/95 – John Miles	4
Beetling About on St Bees Head in 1994 – John Read	5
<i>Taphropeltus contractus</i> , a ground bug New to Cumbria – John Read	6
<i>Acalles roboris</i> , a weevil new to Cumberland (VC70) – John Read	6
Two recent records of the Snow Flea (<i>Boreus hyemalis</i>) in Cumbria – John Read	6
Wildfowl Travellers – Jeremy Roberts	7
Dragonfly News – David Clarke	8
Moth Mouthings – Richard Little	8
A new host plant for the leaf beetle, <i>Chaetocnema sahlbergi</i> – John Read	9
A hoverfly, <i>Anasymia interpuncta</i> , new to Cumbria – Stephen Hewitt	9

Articles

Results of the CNHS Questionnaire – Stephen Hewitt	10
The Return of the Polecat – John Webster	12
Humphrey Head – Geoff Naylor	14

Announcements

Annual Dinner; Amphibian Survey; Survey of Kingmoor Nature Reserve; Centenary Publication; Society Constitution	15
Forthcoming Outings & Meetings	16

Volume 3 number 2

Reports on field meetings

Borrowdale – Geoff Horne	18
Cross Fell – David Clarke & Jeremy Roberts	18
Sunbiggin Tarn & Orton Scar – Geoff Naylor	20
Colvend, Kirkcudbright – Stephen Hewitt	21
Kirkstone Pass & Brothers Water – David Clarke	22
Orton Moss moth trapping – Richard Little	23

Workshops

Hoverflies Workshop – Jeremy Roberts	24
Ferns Workshop – Liz Oliver	25

Notes and records

Porpoise survey of the outer Solway Firth – Roy Armstrong	26
The horsefly <i>Tabanus cordiger</i> at Middleseugh Woods – Stephen Hewitt	27
The horsefly <i>Hybomitra micans</i> in Cumbria – John B. Parker	28
Some rare and notable insects found at Nunnery Walks, Kirkoswald – Stephen Hewitt	28

Thrift Clearwing moth (<i>Bembecia muscaeformis</i>) at Meikle Ross, Kirkcudbrightshire – Stephen Hewitt	30
A recent record of <i>Carabus nitens</i> from Cumbria – John Read	30
A new site for the Bird Cherry Weevil (<i>Furcipes rectirostris</i>) – John Read	30
Dragonfly news – David Clarke	31
Bird notes – Roy Atkins	32
A correction to two previously published moth records – Geoff Naylor	32
Articles	
Lanercost – Geoff Naylor	32
Bats and bridges in Cumbria – Geoff Norman	34
Obituary: David Bailey 1927–1995	39
Announcements	
Owl Pellet Survey, Distribution Atlases, Forthcoming Meetings	39/40

Volume 4 number 1

Reports on Field Meetings	
Kingmoor Nature Reserve	1
Loch Ken	2
Notes and Records	
The Haweswater eagles: year 28 – David Walker	4
Cumbria wood ant survey – Stephen Hewitt	5
Confessions of a dragonfly breeder – David Clarke	6
Grass-bugs <i>Teratocoris caricis</i> Kirkaldy and <i>T. viridis</i> Douglas & Scott in Cumbria – Stephen Hewitt	7
Dormouse breeding success in Cumbria – John Webster	8
Keeled Slug (<i>Milax sowerbyi</i> (Ferrussac)) in Carlisle – Geoff Naylor	8
The beetle <i>Anthicus bimaculatus</i> (Illiger) new to Cumbria – John Read	9
The weevil <i>Otiorhyncus nodosus</i> (Müller) in West Cumbria – John Read	9
<i>Limax tenellus</i> Muller: a noteworthy Cumbrian slug – Barry Colville	10
Avian winter visitors – Roy Atkins	11
Rabbit viral haemorrhagic disease – Stephen Hewitt	12
Letter	
Forester and Thrift Clearwing moths in Dumfries and Galloway – Richard Mearns	13
Articles	
<i>Gastrophysa viridula</i> (Degeer), the Dock Beetle – Bill Fakes	14
The White-faced Dragonfly management project at Scaleby Moss SSSI – Gareth Dalglish	16
A colony of the mining bee <i>Andrena humilis</i> Imhoff, Helsington Barrows, Kendal – Neil Robinson	19
Snails of the genus <i>Oxychilus</i> in Cumbria – Barry Colville	23
Society Announcements – see end-covers	

Volume 4 number 2

Reports on field meetings & workshops	
Borrowdale – John Kerr	25
Aquatic invertebrates workshop – David Clarke	25
Sandscale Haws – Geoff Naylor	26
St Bees Head – Geoff Naylor	27
Ants workshop – Stephen Hewitt	28
Naddle Woods – Dorothy Iveson	28
Sowerby Wood – Geoff Naylor	29
Minerals workshop – Stephen Hewitt	30
Notes and records	
Bird's-nesting off-season – David Clarke	32
Bird notes – Mike Tulloch	33
Plants and insects at How Mill Quarry – Jeremy Roberts & Stephen Hewitt	35
The 14-spot Ladybird (<i>Propylea 14-punctata</i> (L.)) in Cumbria – Geoff Naylor & Stephen Hewitt	36

Butterflies in my garden – John Miles	38
A dispersal of the Banded Demoiselle (<i>Calopteryx splendens</i> (Harris)) in the Solway area in 1996 – David Clarke & Steve Garner	38
Articles	
The ecology of Red Squirrels in Cumbrian conifer forest – Peter Lurz	41
Correction to: A colony of the mining bee <i>Andrena humilis</i> Imhoff at Helsington Barrows, near Kendal – Neil A. Robinson	44
The study of Cumbrian spiders – John R. Parker	45
Society announcements – see end covers	

Volume 5 number 1

Reports on Field Meetings	
Talkin Tarn fungus foray – Jeremy Roberts	1
Galloway wild goose chase – Geoff Horne	2
Notes and Records	
Bird notes – Mike Tulloch	3
Vagrant Emperor dragonfly reaches Solway – David Clarke	5
Cumbria wood ant survey – progress report – Neil Robinson	6
A further note on the 14-spot Ladybird (<i>Propylea 14-punctata</i> (L.)) – Neville Birkett	7
Records of two uncommon ground beetles from Cumbria – John Read	8
The Malachite Beetle (<i>Malachius bipustulatus</i> (L.)) in north Cumbria – Stephen Hewitt	9
Unseasonable fungi early in 1997 – Geoff Naylor	11
A note on the time-keeping of the Common Frog (<i>Rana temporaria</i> L.) – David Clarke	11
Articles	
Bridges and wildlife – Geoff Norman	12
Observations on solitary bees and wasps in Cumbria in 1996 – Neil Robinson	15
Bird's-foot Sedge (<i>Carex ornithopoda</i> Willd.) in Cumbria – Mike Porter & Jeremy Roberts	18
Society Announcements – see end-covers	

Volume 5 number 2

Reports on field meetings & workshops	
Borrowdale – Geoff Horne	25
Caldew Valley – Barry Marrs	25
Coombs Wood – Geoff Naylor	26
Upper Teesdale – David Clarke	27
Grasses workshop – Geoff Norman	29
Scaleby Moss – David Clarke	30
Baron Wood – Geoff Naylor & Stephen Hewitt	31
Notes and Records	
Marbled Brown moth (<i>Drymonia dodonaea</i> Denis & Schiffermuller) at High Stand, Armathwaite – Mike Clementson	32
Records of the Emperor Dragonfly (<i>Anax imperator</i>) in Cumbria during 1997- David Clarke	32
The Bird's-nest Orchid (<i>Neottia nidus-avis</i>) at Miltonrigg Wood, Brampton – David Clarke	33
Noteworthy insects in a city garden – Dorothy Iveson	33
First occurrence of Ruddy Darter dragonflies (<i>Sympetrum sanguineum</i>) in Cumbria – David Clarke	34
A further record of the Banded Demoiselle (<i>Calopteryx splendens</i>) on the River Eden – Geoff Naylor	35
A 'Lesser' Golden Plover on the Solway – Jeremy Roberts	35
First record of the Sulphur Beetle (<i>Cteniopus sulphureus</i>) for Cumbria – Stephen Hewitt	37
Articles	
Cowraik Quarry, Penrith – Eric Skipsey & Stephen Hewitt	38
The GPS receiver in survey work – Jeremy Roberts	44
Obituaries	

Dorothy Blezard (1908–1997)	47
Michael Rawes	48
Society Announcements – see end covers	

Volume 6 number 1

Reports on Field Meetings

Thurstonfield Lough fungus foray – Geoff Naylor	1
Galloway wild goose chase – Frank Mawby	2
Mammal tracks and signs (workshop) – Roy Atkins	5

Notes and Records

Slender Groundhopper (<i>Tetrix subulata</i> (L)) new to Cumbria – Jennifer Newton	8
Two day-flying moths to look out for – Richard Mearns	9
An incident of mass killing of Common Toads – Stephen Hewitt & Paul Duff	9
Cumbria Wood Ant Survey – Progress Report for 1997 – Neil Robinson	10
The slug <i>Limax maculatus</i> (Kaleniczenko 1851) near Kendal: new record for Vice-county 69 – Neil Robinson	11
The myrmecophile spider <i>Thyreosthenius biovatus</i> Cambridge on Arnside Knott: new record for Vice-county 69 – Neil Robinson	12
The spider-hunting Pompilid wasp (<i>Priocnemis perturbator</i>) at Coombs Wood – David Clarke	13
New records of Cherry Plum (<i>Prunus cerasifera</i>) in north Cumbria – Jeremy Roberts	14
Obituary Billy Fawkes	16

Articles

Some observations on the life-cycle and biology of the flea weevil <i>Ramphus pulicarius</i> (Herbst) in Cumbria – John Read	17
Scandinavian Small-reed (<i>Calamagrostis purpurea</i> Trin.) by Derwent Water: new to Cumberland (vc 70) – Jeremy Roberts	21

Society Announcements – see end covers

Volume 6 number 2

Reports on Field Meetings

Gait Barrows NNR – Geoff Naylor	25
Colvend, Kirkcudbright – David Clarke	26
Ribblesdale – Marie Saag	28
Fungus workshop & field trip – Jennifer Gate	29

Notes and Records

A new record of Tubular Water-dropwort (<i>Oenanthe fistulosa</i> L.) for Cumbria – Christopher Graham	31
The Banded Demoiselle (<i>Calopteryx splendens</i> (Harris)) in north Cumbria in 1998 – Geoff Naylor	31
A nest of the Median Wasp (<i>Dolichovespula media</i> Retzius) at Longtown in 1998 – Stephen Hewitt	32
First records of the myrmecophile spider <i>Thyreosthenius biovatus</i> Cambridge in the nests of the wood ant <i>Formica lugubris</i> Zetterstedt – Neil Robinson	33
The ground beetle <i>Leistus rufomarginatus</i> (Duftschmid) new to Cumbria – John Read & David Atty	33
Further information on the Sulphur Beetle (<i>Cteniopis sulphureus</i> (L.)) in Cumbria – David Atty	35
Notes on recent records of earthstar fungi – David Clarke & Dorothy Iveson	35
The Nettle Groundbug (<i>Heterogaster urticae</i> (Fabricius)) new to Cumbria – Stephen Hewitt	37
Waterfowl at Talkin Tarn in late 1998 – Geoff Naylor	37

Articles

A review of plum (<i>Prunus</i>) species in Cumbria – Mike Porter	40
A review of the Wall Mason Bee <i>Osmia parietina</i> Curtis in Cumbria, with two new records – Neil Robinson	44
Notes on <i>Parasyrphus nigratarsis</i> (Zettstedt), a rare hoverfly breeding in Cumbria – Graham E. Rotheray	47

Society Announcements – see end covers

Volume 7 number 1

Reports on Field Meetings

Colvend 1998: a botanical postscript – David Clarke	1
Galloway coast and Loch Ken – Geoff Horne	1
Borrowdale and Bassenthwaite – David Clarke & Stephen Hewitt	2
Wan Fell – Geoff Naylor	4

Notes and Records

Some noteworthy beetle records for Cumbria – David Atty	6
The ground bug <i>Cymus claviculus</i> Fallen, new to Cumbria – John Read	7
The endangered hoverfly <i>Parasyrphus nigritarsis</i> (Zetterstedt) in Carlisle and the Eden Valley – Stephen Hewitt	8
The stiletto-fly <i>Spiriverpa (Thereva) lunulata</i> (Zetterstedt) new to Cumbria – Stephen Hewitt	9

Obituaries

David Ellis	11
Bill Fakes	12

Society Announcements – see end covers

Volume 7 number 2

Reports on Field Meetings

River Caldew, Cummersdale – Stephen Hewitt	13
Carlisle Cemetery (Lichens) – Jeremy Roberts	14
Claiife Heights, Windermere – David Clarke	16
Meikle Ross – Helen and Brian Spencer	17
Silloth Dunes – Geoff Naylor	18
